

BEAUMOND HOUSE NEWS

SPRING 2024

What a great turn out we had for our second Easter Fun Day and Chicken Run, which took place on Good Friday, 29th March.

It was wonderful to see so many people come along to support the event. Despite the occasional rain showers, the event was a great success.

Congratulations to eight-year-old Freddie Darlington-Oxley, from Collingham who was the winner of our 2.5km Chicken Run!

Matt Colbourne, head of fundraising at Beaumont House, said:

"We did this last year and it was brilliant.

"It's really important to have affordable activities that families can come out and do.

"We are living in an interesting economic climate and it amazes me how much support people give to the hospice.

"The rain didn't put people off, the good people of Newark showed up to support us and if we can raise money and have a good time at the same time that's great.

"Thank you to the volunteers who were running activities and the

race marshalls and to our sponsor, Pratt & Gelsthorpe.

"We're always looking for volunteers to help out at events like this. It's good for mental wellbeing and fun too."

We are delighted to announce that the event not only raised £1133 but also vital awareness of the hospice and our services.

Every penny will enable us to continue to provide personalised and supportive palliative care to patients and their families living in Newark and Sherwood.

CONGRATULATIONS

Our huge congratulations go out to Anna Marie, a Registered Nurse here at Beaumont House, who has recently received a Cavell Star Award.

Cavell Star Awards are given to nurses, midwives, nursing associates and healthcare assistants who shine bright and show exceptional care to patients, their families and colleagues.

Anna Marie says

"I feel so honoured to have received such an award, I promise I will keep thriving to be the best I can be."

Well done Anna Marie.

Congratulations to Linda of Newark, who was the winner of our 2024 spring raffle.

Linda says
"I choose to support Beaumont House as it is a local charity that offers support to both patients and their supporting family and friends. It's a very worthy cause and I have been fortunate enough to not have to use the facilities that they

offer, but it's a source of comfort knowing that it is there.

Being from Newark, it's reassuring to know that we don't have to travel for this support.

It is a key part of the health care in the area and it's such a shame that something so essential is not supported by the government"

The raffle raised an incredible £8,677.30, helping us to continue to provide personalised care for patients and their families in Newark & Sherwood, when every moment matters.

Thank you so much to everyone who purchased and sold tickets. We are so grateful for your support.

Beaumont House
Coffee Morning
Thursday 9th May
11.30am - 1.30pm
Beaumont Cross Charity shop,
Robin Hood Walk, Newark

Join us during Dying Matters Week for complimentary refreshments and the opportunity to chat with the Beaumont House team.

The way we talk about Dying Matters
6-12 May 2024

Dying Matters Week takes place between 6th - 12th May.

This year's theme, 'The way we talk about Dying Matters', focuses on the language that we use, and conversations we have, around death and dying.

As part of Dying Matters week, we are hosting a Coffee Morning on Thursday 9th May at our Beaumont Cross shop in Newark from 11.30am- 1.30pm.

Come along and join us for complimentary

refreshments and the opportunity to chat with the Beaumont House team.

We would like to say a huge thank you to Starbucks, Newark for providing free coffee for the event.

You can find out more about Dying Matters by scanning the QR code below.
